Re: Letter of Recommendation

To Whom It May Concern:

In my current role as co-owner of a small business, there are many hats I must wear. I am always pleased to be able to hand off some of these responsibilities to qualified people whom I can trust.

Choosing the best medical and dental coverage for our employees at the best rates are a priority for our company. This job requires knowledge of the medical insurance industry and much research to narrow our path toward selecting the best coverage and ensuring we are on time when renewals come due.

Lisa Sandoval at Enterprise Network Solutions is exactly what we needed to accomplish that task. She gives us our many options along with cost and coverage breakdowns and yearly she informs us of cost changes and other options in plans.

Health Pro Financial is a great choice for adding a qualified team of healthcare insurance professionals to your Human Resources staff without added costs.

I can always count on them to answer my questions quickly and professionally.

Sincerely,
